Pulse Polio Immunization Drive Report

Date: Sunday, October 12, 2025

Location: Vamanapuram - Venjaramoodu Area (Thiruvananthapuram District, Kerala)

REPORT

The Pulse Polio Immunization drive was successfully conducted on Sunday, October 12, 2025, across three key locations in the Vamanapuram and Venjaramoodu area of the Thiruvananthapuram district. The campaign aimed to administer the Oral Polio Vaccine (OPV) to children aged 0-5 years. A total of 186 children were successfully vaccinated across the three specific booths during the operational period of 8:00 AM to 5:00 PM. The combined efforts of a fixed facility and high-traffic transit points ensure robust coverage. The campaign successfully leads by the viii sem BSc nursing students.

Booth-wise Performance Overview

LOCATION	CHILDREN VACCINATED (0-5 YEARS)
VAMANAPURAM FWC	89
PRIVATE BUS STAND	15
KSRTC BUS STAND	82

Key Operational Highlights

- * **Total Vaccinated:** 186 children were immunized across the three locations.
- * **Operational Hours:** The vaccination activity commenced at 8:00 AM and concluded at 5:00 PM at all three booths.
- * **Logistics and Staffing:** All booths were managed by dedicated health workers, ASHA/Anganwadi staff, and local volunteers. Their efficient crowd management and rigorous maintenance of the cold chain were key to the drive's success.
- * **Targeting Strategy:** The strategic placement of booths ensured that the

campaign successfully reached both the stationary population (via the FWC) and the mobile population (via the bus stands), minimizing the risk of missing any eligible child.

Community Health Nursing

CPR MASS AWARENESS CAMPAIGN

Date: October 14,15, 2025

**Location: Nurses Lead Clinic, Kottukunnam, Family Welfare Centre,
Vamanapuram (Thiruvananthapuram District, Kerala)**

Organizers : Community Health Nursing, Medical Surgical Nursing & NSS

Instructors : Mr. Arun, Mrs. Revathy, Mrs. Akshaya, Mrs. Sivapriya

REPORT

The CPR awareness campaign was successfully conducted October 14&15, 2025, across two key locations in the NLC, Kottukunnam & FWC, Vamanapuram area of the Thiruvananthapuram district. The campaign aimed to aware common people to do CPR. A total of 62 were successfully attended the session across the two specific places during the training period of 10:00 AM to 12:00 PM. The combined efforts of Community Health Nursing Department, Medical Surgical Nursing Department & NSS unit, viii sem BSc nursing students make the session successful. In college the oath was taken by the students and other faculties of departments.

Objectives

The training aimed to achieve :

1. Increase public awareness regarding the critical need.
2. Train participants in the two essential steps of compression and ventilation.
3. Familiarize the placement of hands on chest during CPR
4. Boost participant confidence and willingness to act in a cardiac emergency

Training overview

- Identification of cardiac emergency.
- Carotid pulse assessment and respiration.
- Arrangement of rescuer.
- Placement of hand in correct area
- Cycle ratio 30:2

- Complications occur during CPR
- Pediatric CPR

Key Highlights

All participants who completed the hands- on session successfully demonstrated the correct compression techniques on the manikins, achieving the required rate and depth standard.

The public CPR awareness training was highly successful, maximizing engagement during National CPR awareness week. The enthusiasm from the community highlights a strong demand for life- saving education.
