

SREE GOKULAM NURSING COLLEGE

STUDENT SUPPORT & GUIDANCE PROGRAMME (SSGP)

THE SSGP FRAMEWORK – SUPPORT, GUIDANCE, AND PROTECTION

The Student Support & Guidance Programme (SSGP) is a specialized initiative designed to ensure the holistic well-being of every student at Sree Gokulam Nursing College. It acts as a bridge between students, mentors, and the administration to resolve issues professionally and legally.

1. What is the SSGP?

The SSGP is a dedicated welfare cell that provides academic, psychological, and personal support. It is the official body responsible for documenting and resolving student grievances to ensure no student is left behind or unheard.

2. Core Functions of SSGP

Mental Health Support: Providing access to professional counseling for stress, anxiety, or personal challenges.

Academic Guidance: Assisting students who face difficulties in their nursing curriculum or clinical postings.

Conflict Resolution: Mediating issues between students or between students and faculty in a fair manner.

Welfare Monitoring: Tracking the overall environment of the college to ensure it remains conducive to learning.

3. How the SSGP Works

Identification: An issue is noticed by a Coordinator or reported by a student.

Reporting: The issue is formally communicated to the Mentor.

Recording: The Mentor logs the case in the Official SSGP Registry.

Intervention: The SSGP Cell reviews the record and provides the necessary guidance, counseling, or administrative action.

4. Confidentiality & Trust

Private Consultations: Discussions within the SSGP are kept strictly confidential to protect the student's privacy.

Safe Space: The programme is designed to be a "No-Judgment Zone" where students can speak freely about their concerns.

5. Legal Importance (The "Recordic" Requirement)

The SSGP is the college's Official Record of Care.

For Students: An SSGP record is proof that you sought help, ensuring the college is legally bound to support you.

For Staff: Documenting issues in the SSGP registry provides Legal Indemnity. It proves that the faculty took the necessary steps to support the student, protecting staff from allegations of negligence.

How to Access SSGP Support

Students may approach their Class Mentor at any time to request an SSGP consultation. For urgent welfare matters, you may directly visit the SSGP Nodal officers Prof Sumam P and Aravind A S
